

Business Partner Network

- F A X A G R E E M E N T -

Become an ally with the Jobs Partnership in the work of reviving the great American work ethic. Our unique collaboration between local churches, businesses and community partners is designed to inspire and equip people for success at life and work. This innovative approach to workforce development provides a solution for today's lack of work ethic by training people in Biblical work disciplines through a 12-week class called LIFE & WORK.

By donating at least one LIFE & WORK scholarship in the amount of **\$2,000** you are opening the door for someone in need of meaningful work to discover their full potential in a rewarding career. Class participants will learn how to adopt a biblical perspective on matters like work, authority, attitude, integrity, communication and much more. In the process they will receive access to a personal mentor, a job counselor and a case manager as well as priority referrals to community resources such as Goodwill, Charity Cars, Dress for Success, Workforce Central Florida and more.

46% of all new hires will fail within 18 months because of a lack of "soft" or interpersonal skills. Employers faced with high turnover and a dwindling workforce will need to reach out to populations that have traditionally been underutilized. Your annual membership allows you to maximize the value of this recruiting pool and gain a strategic advantage in the battle for talent.

THE BUSINESS PARTNER ADVANTAGE

Recruiting	Screening	Retention
Private Job Fairs Reap the rewards of recruiting at private job fairs hosted exclusively for our Business Partners. Here you will meet qualified candidates who have completed the LIFE & WORK training and are ready to work.	1 st Fruits Consulting Honor the Lord with your first fruits by submitting all new job openings to the Jobs Partnership and receive a free consultation from our placement partner 1 st Fruits Consulting on their unique value based screening process.
